

## **BAFA Flag Football rule changes 2019**

This list contains all BAFA flag football rule changes adopted for 2019, including those made by IFAF.

### **1 Introduction**

The International Federation of American Football has recently introduced a new set of rules for flag football. IFAF 2019 rules are to be used for all flag football games played in Britain from 1st March 2019.

### **2 Changes from 2017**

Important changes compared to the 2017 version are:

- Dashed line to mark the no-running zone is now optional. Where it is absent, 5-yard markers are mandatory.
- Mouthpiece now recommended equipment rather than mandatory (but for BAFA it remains mandatory for non-adult competition).
- Definition of blitz is restricted to players asking for right of way, but all players > 7 yd can still rush the QB.
- A drop (intentional fumble) deemed as intentional act and to be treated as a pass.
- Definition of dipping added.
- Clock will be stopped for the 2-minute warning.
- 2-point try is now from 10 yards.
- Simulated replacements to be penalized as unsportsmanlike conduct; all substitution penalties are now dead ball fouls.
- A second unsportsmanlike conduct foul requires disqualification.

### **3 British amendments to IFAF Rules**

Additionally, the IFAF rules allow National Federations (such as BAFA) to make changes for their competitions. All games in BAFA-affiliated competitions shall be played with the following changes:

#### **3.1 Field dimensions (Rule 1-1-1)**

The field of play (i.e. between the goal lines) shall be 60 yards long and 30 yards wide with 10-yard end zones. This may be reduced to a minimum of 50 yards long by 25 yards wide if the size of the facility does not permit a full-sized field and safety zone. The length should always be twice the width.

#### **3.2 Down box, scoreboard and pylons (rule 1-1-1)**

The use of a down box, scoreboard and pylons is very strongly recommended. However, they are not mandatory for British games.

#### **3.3 Rosters & mixed-gender teams (rule 1-1-1)**

There is no limit to the number of participants who may appear on a British roster. Competitions may allow the entry of mixed-gender teams.

### **3.4 The ball (rule 1-2-1)**

Adult teams who wish to participate in IFAF-sanctioned competition are strongly advised to use leather balls when they are in possession, because these are the only balls that will be allowed in IFAF games. However, they are not mandatory for British games.

### **3.5 Design of flags (Rule 1-3-1-c)**

If necessary, teams may use flags of the Velcro type. However, it is very strongly recommended that teams obtain and use popper flags if at all possible.

Although the rules mandate flags must be of one colour only, the manufacturer's name is an allowable exception to this.

### **3.6 Mouthpiece (Rule 1-3-1-d)**

For adult competition, a mouthpiece is strongly recommended. For all other competition it is mandatory.

### **3.7 Head coverings (Rule 1-3-2-b)**

Players may wear an entirely soft head covering to protect their head from the elements. However, any head covering that has any stiff or rigid part is illegal equipment.

### **3.8 Game timing and number of time outs (Rules 3-2-1 and 3-3-2)**

At their discretion, competitions may vary the duration of the game and the number of time outs.

## **4 Questions and feedback**

Questions regarding the interpretation of the flag rules may be addressed by email to the Chair of the BAFA Rules Committee at [rules@britishamericanfootball.org](mailto:rules@britishamericanfootball.org).

Note that both IFAF and BAFA are looking to improve the rules; both in the way in which the game is played, and editorially in the way the rules are expressed in writing. Suggestions in either of these regards are welcome, also to the above email address.

Jim Briggs, Chair, BAFA Rules Committee

Martin Cockerill, BAFA flag rules lead
