

British American Football Association Field audit (10th edition)	Home team	
	Venue	
Instructions Tick ONE box in EVERY row. If more than one answer applies (e.g. because one side or end of the field is different from the other), tick the box that scores HIGHEST. If possible, do the audit BEFORE the Referee orders improvements. A tolerance of <10% in any measurement is acceptable where not otherwise specified by rule. IFAF yards are acceptable only if the field of play is 100 yards long. * indicates the game cannot start by rule.	Away team
